

Certified DevSecOps Engineer (CDSO)

Exam Objectives CDSO-001

About the exam

Item	Detail
Level	Advanced
Number of questions	120. A performance-based exam: each form can carry up to 5 to 12 performance-based questions alongside the multiple-choice questions.
Delivery model	Computer adaptive in 3 stages of 42, 39, 39 questions. Your score on each stage selects the difficulty of the next, so no two candidates sit the same paper.
Time limit	180 minutes
Scoring	You need a score of 700 out of 900 to pass. Results are reported on a scale of 100 to 900, and 700 corresponds to answering 72% of the exam correctly. Harder questions carry more weight, so a score means the same thing on any route. Multiple-response items and PBQs are scored all or nothing.
Delivery	Online, fully proctored (webcam, microphone and screen).
Prerequisites	No formal prerequisite. Candidates do best with hands-on DevOps or security experience and 40 to 60 hours of study.
Retakes	No waiting period after a failed first attempt. Candidates pay the exam price each time they attempt the exam. See the CertLabz Certification Retake Policy at certlabz.com/certification-retake-policy.html
Validity	3 years. Renew with 75 CEUs per cycle and the \$55 annual continuing-education fee, or by passing the current exam.
Language	English
Exam voucher	\$199 for one sitting, valid 12 months. Bundles add the study guide ebook and the All Access plan.

Domain weights

Domain	Questions
D1 DevSecOps Foundations (16%)	19
D2 Secure CI/CD Pipelines (16%)	19
D3 Application Security Testing (17%)	21

D4 Infrastructure and Container Security (17%)

	21
D5 Secrets, Identity and Supply Chain (17%)	20
D6 Monitoring, Compliance and Culture (17%)	20
Total (100%)	120

Objectives by domain

Each objective may appear as knowledge, a scenario to judge, a circuit to trace or assemble, or a number to compute. Each form can carry up to 5 to 12 performance-based questions: drag-and-drop matching, sequencing and table completion, drawn fresh each attempt. The exam does not test any vendor's SDK syntax.

D1 DevSecOps Foundations

16% 19 questions

- D1.1 What DevSecOps is
- D1.2 Shift-left security
- D1.3 Culture and collaboration
- D1.4 Threat modeling
- D1.5 SDLC integration
- D1.6 Key terms

D2 Secure CI/CD Pipelines

16% 19 questions

- D2.1 Pipeline security
- D2.2 Secure build
- D2.3 Gates and policies
- D2.4 Signing artifacts
- D2.5 Pipeline as code
- D2.6 Least privilege

D3 Application Security Testing

17% 21 questions

- D3.1 SAST
- D3.2 DAST and IAST
- D3.3 Software composition analysis
- D3.4 Dependency scanning
- D3.5 Triage and fixing
- D3.6 Security in code review

D4 Infrastructure and Container Security

17% 21 questions

- D4.1 Container image security
- D4.2 Kubernetes security
- D4.3 IaC scanning
- D4.4 Cloud posture
- D4.5 Runtime protection
- D4.6 Hardening

D5 Secrets, Identity and Supply Chain

17% 20 questions

- D5.1 Secrets management
- D5.2 Identity and access
- D5.3 Supply chain security
- D5.4 SBOM
- D5.5 Provenance and attestation
- D5.6 Key rotation

D6 Monitoring, Compliance and Culture

17% 20 questions

- D6.1 Security monitoring
- D6.2 Logging and alerting
- D6.3 Compliance as code
- D6.4 Metrics
- D6.5 Incident response
- D6.6 Security culture

Continuing education

Renewal	Requirement
Validity	3 years from the date of issue
CEUs required per cycle	75
Annual CE fee	\$55
Alternative to CEUs	Pass the current version of the exam before the expiry date

Qualifying activities

Activity	CEUs
CertLabz labs, PBQs, courses and SkillTracker assessments	1 CEU per hour, up to 25 per cycle
Other industry certifications earned or renewed	10 to 25 each, depending on level
Conferences, webinars and training	1 CEU per hour, up to 20 per cycle
DevSecOps, DevOps or security work experience	3 per year, up to 9 per cycle
Teaching, mentoring, publishing or community contributions	Up to 15 per cycle
College courses in computing or security	10 per completed course

CertLabz Certification Retake Policy

- **No waiting period after a failed first attempt:** If you fail your first attempt at any CertLabz certification examination, CertLabz does not require any waiting period between the first and second attempt.

- **Once you pass, you cannot resit the same exam code:** A candidate who has passed an exam and achieved a certification cannot take that exam again under the same exam code without prior consent from CertLabz. You will need to wait until a new series of the exam is published before attempting to recertify by examination.

- **Beta examinations, one attempt only:** A CertLabz beta examination may be taken one time by each candidate.

- **Violations invalidate the attempt:** A test found to be in violation of this policy will be invalidated, and the candidate may be subject to a suspension period. Repeat violators will be permanently banned from the CertLabz Certification Program.

- **Every attempt is paid for:** Candidates must pay the exam price each time they attempt the exam. CertLabz does not offer free retests or discounts on retakes.
